Since 1966 Monadnock Music has been devoted to promoting access to world-class live classical music performances in intimate and informal settings around the Monadnock region. Through a commitment to varied and imaginative performances and teaching, Monadnock Music keeps a sense of musical daring and discovery alive.

It may be a point of pride – and an enticement to attend this concert – for citizens of Lyndeborough to know that when he was recording performances for the Musical Heritage Society, Maestro James Bolle, founder of Monadnock Music, favored the refined acoustics of Lyndeborough Center Church.

Come along, and bring a friend!
